

AQUAVO V3 - VEO 3.1 FINAL PROMPTS

8 Clips | Ready for Flow

CLIP 1 | 1 (2).png → 2 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Same aquarium geometry across clips.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, steady smooth push-in from wide shot to medium close-up, speed 0.5 meters per second over 8 seconds. Camera faces subject directly from front.

CHARACTER: Shrimpo is an adorable 2D cartoon orange shrimp (#F07167 coral color) with big round white eyes, black pupils, two long curved antennae, small arms and legs. A dead orange goldfish lies motionless at the tank bottom.

SETTING: Clean glass aquarium tank with crystal clear blue water, white gravel, cold white LED lighting from above, gray minimalist background.

ACTION: Shrimpo floats peacefully in center (0-2s), notices the dead goldfish and stops (2-3s), tilts head and raises one eyebrow suspiciously (3-5s), suddenly her eyes go wide with shock and mouth drops open (5-8s).

LIGHTING: Cold clinical white LED, sterile hospital-like atmosphere.

VOICE: Young Iraqi woman, age 22, warm friendly cute feminine voice. NO SPEECH until second 3.

AUDIO:

0:00-0:02 - NO DIALOGUE. Ambient water bubbles only. Character is silent.

0:03 - FIRST DIALOGUE: She says "ما انت!!" shocked tone

0:05 - She says "والماء صافي؟" questioning tone

0:06 - Sound effect dramatic bass "DUN DUN"

0:07 - She says "إخدعة خطيرة" sharp warning

IMPORTANT: Character does NOT speak until second 3. First 2 seconds are ambient sound only.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 2 | 2 (2).png → 3 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Same aquarium geometry across clips.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, steady smooth pull-back from close-up face to medium wide shot, speed 0.3 meters per second over 8 seconds.

CHARACTER: Shrimpo the 2D cartoon orange shrimp with big white eyes, long antennae. Her expression changes from shocked to worried to uncomfortable.

SETTING: Same aquarium tank, but water gradually shifts color from clear blue to toxic sickly yellow-green (#C0CA33). Small poison particles appear floating in water.

ACTION: Shrimpo's shocked face (0-2s), camera pulls back revealing tank (2-4s), water color transforms to yellow-green toxic (4-6s), Shrimpo starts looking uncomfortable (6-8s).

LIGHTING: Transitions from cold white to sickly yellow-green, creating ominous atmosphere.

VOICE: Young Iraqi woman, age 22. COMPLETELY SILENT this clip. NO SPEECH AT ALL.

AUDIO:

0:00-0:08 - NO DIALOGUE AT ALL. This entire clip has NO spoken words.

0:00-0:04 - Ominous drone music building slowly

0:04-0:06 - Toxic water bubbling sound effect

0:06-0:08 - Slow heartbeat sound thump...thump

IMPORTANT: This is a SILENT transition clip. Character does NOT speak. Music and sound effects ONLY.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 3 | 3 (2).png → 4 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Same aquarium geometry across clips.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, slight handheld shake effect, slow dolly-in from medium to close-up, speed 0.2 meters per second over 8 seconds.

CHARACTER: Shrimpo 2D cartoon orange shrimp now looking pale and gray, sweating, struggling. Her normally bright orange color has faded to grayish pale. Sweat drops on forehead. Hands

grabbing throat.

SETTING: Aquarium filled with toxic yellow-green water, floating poison particles everywhere, murky visibility.

ACTION: Shrimpo floats weakly in toxic water (0-2s), starts gasping for breath (2-4s), sweat appears, body sways (4-6s), almost collapses (6-8s).

LIGHTING: Sickly yellow-green (#C0CA33), heavy shadows, desaturated colors, murky.

VOICE: Young Iraqi woman, age 22, gasping struggling breathless. NO SPEECH until second 2.

AUDIO:

0:00-0:01 - NO DIALOGUE. Toxic bubbles and slow heartbeat only.

0:02 - FIRST DIALOGUE: She gasps "الح... " choking sound

0:04 - She struggles "الحوض الجديد..." breathless

0:06 - She says desperately "يحتاج وقت"

0:07-0:08 - Fading heartbeat sound

IMPORTANT: Character does NOT speak until second 2. First second is sound effects only.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 4 | 4 (2).png → 5 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Filter microscopic world geometry for clips 4-5.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level to slightly above, dramatic zoom-in macro shot diving into filter sponge, speed increases from slow to fast over 8 seconds.

CHARACTER: Shrimpo transforms from pale struggling version to healthy orange teacher version wearing small cute glasses. Cute cyan bacteria characters (#80DEEA) with happy smiley faces appear.

SETTING: Transition from toxic tank into warm golden microscopic world inside aquarium filter sponge. Brown porous sponge texture surrounds them.

ACTION: Pale Shrimpo struggling (0-2s), magical swirl transition effect (2-4s), camera dives into filter sponge (4-5s), healthy Shrimpo with glasses appears pointing at glowing bacteria (5-8s).

LIGHTING: Dramatic shift from sickly yellow-green to warm golden (#FFD54F) spotlight, magical glow.

VOICE: Young Iraqi woman, age 22. NO SPEECH until second 6. Only whisper at the very end.

AUDIO:

0:00-0:03 - NO DIALOGUE. Fading heartbeat sound only. Silent transition.

0:04 - NO DIALOGUE. Magical whoosh transition sound effect only.

0:05 - NO DIALOGUE. Music shifts to warm upbeat melody.

0:06 - FIRST DIALOGUE: She whispers softly "بكتيريا..." introducing

0:07-0:08 - Gentle sparkle sounds

IMPORTANT: Character does NOT speak until second 6. First 5 seconds are COMPLETELY SILENT with sound effects only.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 5 | 5 (2).png → 6 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Filter microscopic world geometry for clips 4-5.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, dynamic tracking following subject movement, ending with vertical boom-up at second 7.

CHARACTER: Shrimpo healthy orange 2D cartoon shrimp wearing cute teacher glasses, smiling, dancing. Surrounded by adorable cyan bacteria characters (#80DEEA) - round friendly blobs with happy faces that multiply 1→2→4.

SETTING: Inside filter sponge microscopic world, warm golden spotlight from above, brown sponge texture, magical sparkles and musical notes floating.

ACTION: Shrimpo points at one bacteria (0-1s), bacteria splits into 2 (1-2s), splits into 4 (2-3s), Shrimpo starts dancing happily (3-5s), everyone dances together (5-7s), celebration with sparkles explosion (7-8s).

LIGHTING: Warm golden spotlight (#FFD54F), magical glowing bacteria, sparkle effects.

VOICE: Young Iraqi woman, age 22, SINGING upbeat fun. NO SPEECH until second 1.

AUDIO:

0:00 - NO DIALOGUE. Upbeat music starts 130 BPM (synth, xylophone, drums). Music intro only.

0:01 - FIRST SINGING: "بكتيريا..." soft whisper

0:02 - SINGING "بكتيريا..." louder

0:03-0:05 - SINGING "إنحميك من الأمونيا"

0:05-0:07 - SINGING "إحنا صديقك"

0:07 - SINGING "بكتيريا!!!" held climax note

IMPORTANT: First second is music intro only. SINGING starts at second 1.

The Amazing World of Gumball musical style. Catchy fun educational song. Arabic lyrics.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 6 | 6 (2).png → 7 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Return to tank geometry for clips 6-8.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, static hold for 4 seconds then slow pull-back to reveal split-screen, speed 0.2 meters per second.

CHARACTER: Dancing Shrimpo transitions to split view: LEFT shows dead Shrimpo (gray, X marks on eyes, upside down floating), RIGHT shows alive happy Shrimpo (bright orange, smiling, dancing).

SETTING: Transition from golden microscopic world to dramatic split screen. Left side bathed in red danger light (#EF5350). Right side bathed in green healthy light (#66BB6A).

ACTION: Shrimpo finishing dance (0-2s), camera pulls back (2-4s), split screen appears with dramatic effect (4-5s), Shrimpo appears in center pointing to both sides with serious expression (5-8s).

LIGHTING: Split - harsh red left side, healthy green right side, high contrast.

VOICE: Young Iraqi woman, age 22, serious warning tone. NO SPEECH until second 4.

AUDIO:

0:00-0:02 - NO DIALOGUE. Celebration music fading. Character is silent.

0:03 - NO DIALOGUE. Music shifts to tension. Still no speech.

0:04 - FIRST DIALOGUE: She says "بدونها!" serious questioning

0:05 - She says "أمونيا..." ominous warning

0:07 - She says "مشكلة!" decisive final

IMPORTANT: Character does NOT speak until second 4. First 3 seconds are music transition only.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 7 | 7 (2).png → 8 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Return to tank geometry for clips 6-8.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, static for 3 seconds, white flash at second 4, then horizontal sliding dolly right, speed 0.3 meters per second.

CHARACTER: Shrimpo transforms from warning pose to joyful swimming. Healthy bright orange color restored, big happy smile, arms spread wide in celebration.

SETTING: Transition from split screen to paradise planted aquarium. Lush green aquatic plants, driftwood, crystal clear water, golden sunrays piercing through from above.

ACTION: Split screen visible (0-3s), bright white flash transition (3-4s), paradise tank revealed (4-5s), camera slides right revealing beauty (5-7s), Shrimpo swims happily through plants (7-8s).

LIGHTING: Transition to golden hour (#FFD54F + #FFAB40), volumetric light rays, warm paradise glow.

VOICE: Young Iraqi woman, age 22. COMPLETELY SILENT this clip. NO SPEECH AT ALL.

AUDIO:

0:00-0:08 - NO DIALOGUE AT ALL. This entire clip has NO spoken words.

0:00-0:03 - Tension music continuing

0:04 - Magical whoosh, white flash sound

0:04-0:08 - Triumphant orchestral swell, victory theme music

IMPORTANT: This is a SILENT visual transition clip. Character does NOT speak. Music ONLY.

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark.

CLIP 8 | 8 (2).png → 9 (2).png

GLOBAL: 2D flat cartoon, thick clean outlines, flat shading, clean shapes, no realism, no 3D. Shrimpo must look identical in every clip (same proportions, same eye size, same antenna curves, coral #F07167). Return to tank geometry for clips 6-8.

FRAMES: Use LEFT image as the first frame and RIGHT image as the last frame. Match composition and character design exactly.

CAMERA: Frontal axis, eye-level height, vertical boom-up movement rising slowly, speed 0.2 meters per second over 8 seconds.

CHARACTER: Shrimpo bright healthy orange 2D cartoon shrimp, huge happy smile, eyes sometimes

closing from joy. Holding green test tube. Winking at camera. Waving goodbye.

SETTING: Transition from planted paradise to clean celebration background (white/cream). Colorful confetti falling (teal, gold, green).

ACTION: Shrimpo swims happily (0-2s), turns to face camera directly (2-3s), holds up test tube triumphantly (3-4s), points down enthusiastically (4-5s), confetti starts (5-6s), winks at camera (6-7s), waves goodbye (7-8s).

LIGHTING: Bright even commercial lighting, clean and cheerful, slight golden warmth.

VOICE: Young Iraqi woman, age 22, excited celebrating. NO SPEECH until second 3.

AUDIO:
0:00-0:02 - NO DIALOGUE. Celebration fanfare music only. Character is silent.
0:03 - FIRST DIALOGUE: She says excitedly "الاختبر!"
0:04 - She says proudly "إصفر!"
0:05 - She says enthusiastically "الرابط بالبايو!"
0:06 - She says friendly "احفظ!"
0:07 - Confetti pop sound effect

IMPORTANT: Character does NOT speak until second 3. First 2 seconds are music only.

Keep all UI elements inside safe area (10% margin from edges).

NEGATIVE: no photorealism, no 3D, no anime shading, no extra limbs, no deformed eyes, no flicker, no jitter, no random text, no watermark, no logo, no branding.
